STANLEY HOUSE,
WATER STREET, AUGUSTA, ME.
G. W. RICKER, would respectfully announce to the Traveling Public that he has re-opened the Stanley House, Augusta, and furnished it throughout with NEW and ELEGANT FURNITURE, and made every arrangement necessary to continuing it as a First Class Hotel.
This is the most centrally located House in the city, being directly opposite the Depot, and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes' walk from the State House.
Business men, or persons traveling for pleasure, will find that this House affords every convenience or luxury that can be desired, and the Proprietor is determined to spare no pains to make it in every respect second to none in the State.
Books for all Stages leaving town will be kept at this House.
In connection with the above are good Stables with attentive and careful Hostlers.

THE HATCH HOUSE,
Main Street, Bangor, Maine.
This House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.
It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.
Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.
Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.
By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

PROFESSOR WOOD'S
HAIR RESTORATIVE.
It has Worked Miracles!

THAT ALL THE BALD AND GRAY can be restored perfectly to original growth and color, so far as their locks are concerned, does not admit of doubt, besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching, or in the shape of cutaneous eruptions—even scald-head—and in no possible case will it fail of curing, as if by magic, nervous or periodical Head-ache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling to any imaginable age. Read and judge.

MILFORD, Worcester Co., Mass., Nov. 1855.
PROF. O J WOOD—Dear Sir:—I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836, my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, found, after a few applications, that my hair became firmly set, and assumed a glossy and beautiful appearance, and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches and a half in length, and growing fast.
Yours truly,
HENRY GOODRICH.

CHARLESTON, Mass. Aug 9, 1855
GENTS:—Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have been would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spots entirely bald. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out as formerly.
Respectfully yours &c
MRS. R. A STODDARD.

From Mrs. Ingalls, a well known nurse in Boston
BOSTON, Oct 19, 1855
GENTS:—At your request, and being so highly pleased with the effects of the Restorative, I am free to state that my hair had become quite thin, and entirely white. I have for the last five years been in the habit of using dye, but hearing of the extraordinary effects of this article, I was induced to try it. My hair has been restored to its original thickness, and also to its former color, which is light brown.
Yours respectfully,
MRS INGALLS

The following is from the Pastor of the Orthodox Church, Brookfield —
BROOKFIELD, Mass., Jan 12, 1855
PROF WOOD—Dear Sir—Having made trial of your Hair Restorative, it gives me pleasure to say, that its effects have been excellent in removing inflammation, dandruff, and a constant tendency to itching, with which I have been troubled from my childhood, and has also restored the hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit
Yours truly,
J K BRAGG

(From the Jersey City Telegraph.)
WHAT IS IT FOR—THIS WOOD'S HAIR RESTORATIVE?—Is a question asked daily by hundreds. We answer without hesitation, or fear of contradiction, that it is the only article known which will do all it promises for the human hair! It will renew its growth—it will stop its falling—it will restore its natural color! It is not a hair dye, but a speedy and efficacious Restorative.
O J, WOOD & CO., Proprietors,

A SURE PRIZE
For Every Tenth Person!!
CHANCE FOR A GRAND PIANO,
FOR EVERYBODY.
ONLY TWO DOLLARS!!
400 Beautiful Gold Watches, 100 Rosewood Grand Piano Fortes, Ladies' Bracelets, Watch Chains, Breast Pins, Diamond Rings and Silver Spoons
TO BE GIVEN AWAY.

Encouraged by the success which has attended the publication of LESLIE'S ILLUSTRATED NEWSPAPER, which is now closing its second volume, the Proprietor has determined to return to his numerous subscribers a portion of his profits in the following manner:

Every tenth subscriber will have his money returned by the next mail, and the paper will be sent gratuitously for his term of subscription.

Thus in every 1000 subscribers, 100 will have their money returned and the paper sent for Six Months when they remit Two Dollars, and Twelve Months when they remit $4.

Every subscription, as it is received, by letter or otherwise, at his Office, 12 Spruce-st, New York, will be registered in a book kept by the Proprietor himself.

The Prize numbers will be 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 in each hundred. Persons obtaining any of these numbers will have their money returned and the paper sent free, as above.

Persons obtaining the following numbers in every thousand, in addition to the return of their subscription money as above, will receive the following prizes.

No. 100, Lady's Gold Bracelet.
" 200, Gentleman's Gold Watch Chain.
" 300, Gold Watch, (Lady's or Gent's)
" 400, Lady's Gold Chatelaine.
" 500, Set of Silver Tea Spoons.
" 600, Gold Breast Pin.
" 700, Gold Watch, (Lady's or Gent's)
" 800, Diamond Ring, (Lady's or Gent's)
" 900, Set of Silver Dessert Spoons
" 1,000, Grand Rosewood Pianoforte.

These prizes will be given to the same numbers in each and every thousand, in addition to the subscription money being returned and paper sent free to each and every tenth subscriber, as above stated.

This subscription book was opened October 20, 1856, in which all future subscriptions will be registered.

Every person whose money is returned, or who is the recipient of either of the above prizes, will be required to furnish an acknowledgment of the same, and their names will be published from time to time in the advertising columns of Leslie's Illustrated Newspaper.

It should be borne in mind that every subscriber under all circumstances, whether the recipient of a prize or not, will get more than a full equivalent for his money in the paper itself. This is the only Illustrated Newspaper in the United States.

CLUBBING:—Persons sending us Eleven Subscribers are certain to receive back one subscription and have a chance for two; for example, on the receipt of the eleven subscriptions, the last number on the books might be 89—the eleven additional subscribers will then include two prizes.

FRANK LESLIE'S ILLUSTRATED NEWSPAPER.—The last numbers of Frank Leslie's Illustrated Paper have come to hand. In style and general appearance it resembles—and is quite equal to—the London Illustrated News, which is world-renowned for the excellence and variety of its illustrations. The New York paper, however, is sold at half the price of its London prototype. The engravings in Frank Leslie are infinitely superior to those in Ballou's Pictorial.—Whig, Easton, Pa.

Municipal Election.

The Election yesterday passed off very quietly indeed—so much so that in some wards only one ticket was run

It seemed to be the general impression among the opposition that they could not make much of a show in the election, and they very wisely abandoned the field, and avoided a disastrous defeat

In Ward one a strong Democratic Ward, a prominent Democrat was run and received quite a large vote

The only real contest was in Ward seven where Amos M Roberts was defeated by twenty nine majority

The vote was very light not reaching twelve hundred

With the exception of Ward one the Republicans elected the entire Board

Ho ls Bowman the Republican candidate for Mayor was chosen, as will be seen, by a very large majority Mr Bowman has given universal satisfaction the past year

"SQUATTER SOVEREIGNTY A SWINDLE The Washington correspondent of the New York Tribune, writing on Wednesday, says

"Serious disturbances in the whole political programme nearly occurred last night It had been arranged that Mr Appleton would take charge of The Union to day, and his salutatory with the valedictory of Mr. Nicholson, would appear this morning Last night Mr Buchanan's views to be promulgated in the Inaugural concerning the rights of the people in the Territories on the Slavery question becoming known Mr Appleton was discovered as differing from the sentiments of the Cincinnati platform, and hence no formal announcement of change in the organ was made as anticipated

Gen Cass took exception to the intended announcement as differing entirely from his Squatter Sovereignty, and threatened to throw up his place in the Cabinet, unless a change was made This and the Cabinet complications have exercised Mr Buchanan greatly, and foreshadow more serious troubles

We do not know how much truth there is in the above It is difficult to see why Appleton and Cass should find fault with the President's views on the subject of Squatter Sovereignty The Boston Chronicle commenting upon the above, says with truth, that "the whole matter of Squatter Sovereignty was never anything but a political cheat and swindle and Mr Buchanan is only endeavoring to maintain himself by the same fraud which proved so successful in the election of last year Those persons who are familiar with the Congressional debates of the last two years, know that while the Democratic party as a whole assented to the doctrine of "Squatter Sovereignty, two different and directly opposite opinions were held, as to what Squatter Sovereignty *was* Gen Cass held that it meant that the people of the territories had a right to prohibit or introduce slavery The slaveholders, on the other hand, held that they had no such right *until they formed their Constitution* During the campaign of 1856, Mr Buchanan was represented at the North as holding the Cass doctrine, and at the South as holding the Southern doctrine. He carried Pennsylvania, Indiana, New Jersey and Illinois on the first, and fifteen slave States And now, adopting the dodge of Douglas in the Senate, he says it is a judicial question, and the Judiciary must and will settle it, though his private opinion agrees with the Southern view

The wife of Wm H Newton, who arrived with her husband at St. Paul, Minnesota, on the 19th January from the Lake Superior country, was dressed in a pair of fur pantaloons, buffalo boots, a buffalo overcoat, and a large otter cap. During the entire drive of three hundred miles, the thermometer ranged from 10 to 45 degrees below zero, and the trip was "very pleasant and comfortable."

The new Tariff is mainly based on free trade in raw materials and a general reduction of the other schedules—stated thus

Schedule A, containing brandies and all distilled spirits and cordials, is reduced from 100 per cent. to 30 per cent. Schedule B, containing fruits, spices, segars, snuff, and all kinds of wines, which paid 40 per cent, is divided; the first two, transferred to the free list, while segars, snuff, and wines are reduced to 30 per cent. Schedule C, including most manufactures of woolens, sugars, clothing, and wearing apparel, carpets iron, and iron manufactures, is reduced from 30 per cent to 24 per cent, but some articles in the old schedule are reduced still lower. Most of the articles in schedule D, which paid 25 per cent, are reduced to 19 per cent, but with some exceptions, silks and cottons, bleached, dyed, colored, or printed, and printed delaines, are retained at 24 per cent, but plain brown cottons are reduced to 19 per cent The friends of the woolen interest strugled hard to retain all cottons at 24 per cent., and only gave way when it was necessary to prevent a general reduction on all cottons to the lower rate.

Schedule E, with the exception of transferred items, is reduced from 20 to 15 per cent, this includes blankets as a compensation for free wool, in addition to the general reduction on other woolen manufactures Schedule F, now paying 15, is mostly made free, and the remaining articles, including some items transferred to this list from higher schedules, are reduced to 12 per cent. Schedule G, now paying 10 per cent, is changed in many respects in the same way as schedule F, and the remaining articles are reduced to 8 per cent.—Schedule H is also changed to some extent, and reduced to 4 per cent Schedule I is the free list, and includes, in addition to the old list, spices, most drugs, chemicals and dye stuffs

Among the merchants of this city there is a diversity of opinion on the merits of the bill The great reduction of duties on plain brown cottons will doubtless create serious disaffection among our New England manufacturers. In other respects it will be received with general satisfaction

Compared with the old Tariff of 1846 the new bill stands

	Tariff of 46, per cent	New Tariff, per cent.	Reduction per cent.
Schedule A	100	30	70
" B	40	30	10
" C	30	24	6
" D	25	19	6
" E	20	15	5
F	15	12	3
" G	10	8	2
" H	5	4	1
" I	Free	Free	—

The principal ascertained changes are as follows

Kansas Free State Convention.

During the Convention held in Topeka the early part of last month it was determined that a Delegate Convention should be called March 10th to determine what course the settlers of Kansas must pursue to defend themselves against the bogus Legislature. As matters now stand, this will be one of the most important assemblages ever held in Kansas. The utmost discretion and firmness will be necessary to guide the now pilotless Free State bark safely through the intricate channel before it

Correspondence of the N Y Tribune

BOGUS LEGISLATURE—ACT PUNISHING REBELLION.

Lecompton, Feb 12, 1857.

The bogus Legislature has passed an act punishing mobs or unlawful assemblages It is an artful and dangerously insidious blow against the freedom of political agitation in the Territory It is framed so that all Free State conventions, meetings and combined efforts will fall within its limits, and may be broken up and the participants punished.

An act respecting assaults has also political leanings

A bill punishing "slander and libel" is designed for the express benefit of the press, and affords fine latitude to prosecutors.

Rebellion is at last a crime to be legislated for and punished in our model Republic I subjoin a bill that has passed through both branches of the bogus legislature It passed with little or no opposition. An examination of it will show that it is a cunning instrument of Pro Slavery torture It is no part of the design of this bill to afford any shelter to Free-State emigrants There is not a necessary step in the process of agitating the question of freedom but will subject its champions to become "rebels" under the act All preliminary steps to secure Freedom for Kansas are REBELLION and punishable with *death* All steps necessary for defense are *Rebellion* and punishable with *death* Missouri invasions are openly justified by the members of this Legislature, as the *regular acts of the regular militia*, and every public act which does not spring from Bogus authority is *Rebellion* and punishable with death

Read this new creed of the "National Democracy" Here is "Squatter Sovereignty" *enunciated* with a vengeance

AN ACT *to Punish Rebellion.*

Be it enacted by the Governor and Legislative Assembly of Kansas.

SECTION 1 If two or more persons shall combine by force to usurp the Government of this Territory, or to overturn the same or to interfere forcibly with the administration of the government, or any department thereof evidenced by forcible attempts within the Territory to accomplish such purpose, the person so offending shall be deemed guilty of REBELLION, and *shall suffer death* or confinement and hard labor

SEC 2 If twelve or more persons shall conspire to levy war against *any part of the people of this territory* they shall be deemed guilty of REBELLION and on conviction shall suffer DEATH or confinement and hard labor

SEC 3 If two or more persons shall conspire to remove forcibly out of the Territory, *or from their habitation* any portion of the Territory, evidenced by the taking arms and assembling to accomplish such purpose shall be deemed guilty of Rebellion and punished as in the last section specified

SEC 4 Confinement and hard labor as provided for in this act shall not exceed twenty years

This act to take effect and be in force from and after its passage

SUDDEN DEATH OF THE REPRESENTATIVE FROM BREWER. Mr Stone came home from Augusta Saturday evening, apparently in good health, and spirits On Monday morning we were startled by receiving the following announcement.

DIED, in Brewer Village, of Apoplexy, after an illness of nine hours, on Sunday, the 8th instant, Samuel B Stone, Esq, Representative of the towns of Brewer and Orrington in the Legislature of Maine, aged 46 years. Mr. Stone was a highly valued citizen, an honest man and a faithful Representative. The town of Brewer has sustained a serious loss in his death, and the community a worthy and practical man

Mechanics' Levee.

The Levee of the Mechanics Association at Norombega Hall last evening, was very fully attended, and the exercises were of an amusing and interesting character

There was much machinery in operation in the Hall, among which was the old Ramage press first used in this city, on which was being printed, by that veteran typo Jacob A Smith, one of the first papers ever printed in Bangor, which contained much matter of great interest to the old as well as young, and which carried many an old person back to the days when they were young In connection with these were all the new improvements of Presses, one of which was throwing off a letter from Geo Washington to Gen Knox, with a fac simile of his signature, engraved by the President of the Association. In addition there were some very interesting Tableaux, showing the various mechanical arts, and also the difference between working "by the day" and "by the job, &c, &c, and which elicited much applause

On the whole it was a very successful affair, and reflected credit upon the getters up. We do not yet know what the receipts were, but think the Library may be somewhat improved by the proceeds

A MYSTERY CLEARED UP Last week a man named Thomas Winters was arrested in New York city for the murder of his wife who had disappeared On Saturday morning, the missing woman was discovered to be in the Tombs, to which institution she had been committed under the name of Stewart, for intoxication. Her husband, was, of course, immediately liberated

The collection of engravings opened at the Central Street Auction Room, yesterday, collected a large company of admirers The sale at auction will take place this evening Those having a taste for the fine arts will be sure to attend

Mr Buchanan is to ride to Washington on the route of the Northern Central Railway, in a car made expressly for the job, and finished in rose wood,—("Madam, it shall be rosewood,")—the green velvet plush is of a very superior quality, but there is nothing *green* about the gentleman who is to ride in it this day. The windows are made of ground glass, thus preventing anybody from looking in or out The coats of arms of all the States in the Union are painted on the window panes, and Mr. Buchanan wears a coat made by a Dutch tailor of Lancaster, stiched with thirty-two stars in the back. An opposition print snappishly asks, whether this coat can be conveniently turned? A magnificent carved eagle is suspended over the door of this triumphal car. But there is something that Mr. Buchanan will look upon with far more attention, so far as the carving is concerned, at his dinner in Washington this day, and that is, a *thirty-four pound turkey* which has been sent him, for a Presidential pluck. If he can eat all that, he is indeed a great man. On the whole it is not so bad a business to be the President of our glorious Republic. We hear nothing of the premium oysters!—*New Bedford Mercury.*

Legislative.

FRIDAY, March 6.

SENATE.—Committee on Claims, reported resolve authorizing the Governor and Council to audit the account of George A. Fairfield, Commissioner to Washington

Bill additional to an act authorizing the consolidation of certain Railroad Corporations(repealing the ninth section of the act of 1856,) was read once.

The bill was assigned for Wednesday.

Mr Scammon called up the bill re-organizing the Board of Agriculture, which was read a second time.

Mr. Scammon moved to fill to blank with $500 as the compensation for the services of the Secretary of the Board of Agriculture

Mr. Herrick gave his testimony in favor of the satisfactory manner in which the present Secretary had performed his duties.

After some further remarks the blank was filled with $800 Mr. Scammon moved to fill another blank with $2500, as the maximum of the expenditures allowed to the board—which was agreed to, and the bill as amended passed to be engrossed

Title Eighth of the Revision of the Statutes—passed to be engrossed

HOUSE.—Committee on Judiciary reported bill, in relation to attachment of real estate and personal property, and on motion of Mr. Crosby of Dexter, the same was ordered to be printed

Mr Hersey, from Committee on Banks and Banking reported legislation inexpedient on order relating to requiring Savings institutions to make annual returns.

Mr Strickland, from the Committee on Railroads and Bridges, reported legislation inexpedient on an act to secure the safety of travel at Sewell's crossing in Bath, which was tabled on motion of Mr Drummond of Waterville

Passed to be enacted—An act for the assessment of State Tax for 1857 an act for the further extension of Bangor Boom Co.

On motion of Mr Milliken of Camden, a committee was raised to consider the services of the late Dr Kane

A novel and strange case of alimony has just been decided at Louisville, Ky A man named Ferguson separated from his wife, and she sued for alimony A settlement was made he agreeing to pay $500 a year during her life Subsequently the parties were divorced, and neither party was restricted from marrying again—the husband relying on the religious faith of his wife (she being a Catholic) to prevent her from taking another husband She did marry, however, and Mr Ferguson thereupon stopped the supplies He didn't relish the idea of feeding and clothing another man's wife, without deriving some little benefit from the outlay A suit was brought to compel the payment of the $500 per annum, and it was decided in favor of the wife.

Speaking of olive oil, let me tell you an anecdote of my friend Godey, of Philadelphia, of the Lady's Book, sir, the best hearted man of that name in the world Well, sir, Godey had a new servant girl, I never knew anybody that didn't have a new servant girl. Well, sir, Godey had a dinner party in early spring, with lettuce He is a capital hand at salad, so he dressed it The guests ate it, and—sir—well, sir, I must hasten to the end of my story Said Godey to the new girl next morning,—"What has become of that bottle of castor oil I gave you to put away yesterday morning?" "Sure, said she, "you said it was castor oil, and I put it in the castor." "Well," said Godey, "I thought so"

Recently Horace Greeley agreed to lecture at Geneva, Wisconsin, and took a train "for Geneva At Geneva he arrived, but after a fruitless enquiry for the lecture committee, he ascertained that no appointment for a lecture had been made there, but was informed that there were two Genevas—one in Wisconsin and the other in Illinois—and that he was in the latter, while the former was the place he designed to visit They say, for once, Horace looked *astonished*—*Post*

FROM INDIA.

Extract of a letter received from Rev B C Thomas

TAVOY, November 18th, 1853

Messrs P Davis & Son—Dear Sir—The Karens here have no more confidence in the charms of their ancestors They desire rational remedies for the sick By various means principally through the agency of the Rev Dr Brayton, these Karen people have become acquainted with your medicine, and their demand for it is to me very surprising

I have now by me orders for more than fifty bottles—but I have not got got one bottle I therefore wish you to send me a quantity I could dispose of at least one hundred bottles this year Send it, and I will pay you thro' the Treasurer of the Missionary Union I hope we shall be favored with some of it as soon as possible There is no medicine which stands so high in the estimation of the Karens These prices as the Pain Killer, and I feel willing to gratify them, as I entertain a very high opinion of its worth B C THOMAS.

CALCUTTA November 4th 1853

Messrs Perry Davis & Son—Dear Sir—Confirming my respects of the 4th ult, (duplicate herewith) I find it necessary to address you again as my most sanguine expectations have been more than realized. The call for your valuable medicine is increasing so very rapidly that I fear I shall soon be unable to keep pace with it, as I have only about one hundred bottles of the supply per Union on hand and trust that ere this you will have despatched my order of June last My particular object in writing now is to beg that on receipt of this, and by first direct opportunity offering immediately after, you will kindly despatch another batch as ordered in my letter of June last, I hope, however, I will not be entirely out before your last despatch reaches me, of which, however, I have not yet heard from you

I remain, dear sir, yours sincerely, J L CARRAU

GROVER & BAKER'S
New Family Sewing Machines!
PRICE $75.00.

Reasons

Why Grover & Baker's SEWING MACHINE
—IS—
Universally preferred for Family Sewing

1st It is more simple and easily kept in order than any other Machine

2d It makes a seam which will not rip or ravel though every third stitch is cut

3d It sews from two ordinary spools and thus all trouble of winding thread is avoided while the same Machine can be adapted at pleasure by a mere change of spools to all varieties of work

4th The same Machine runs silk linen thread and common spool cotton with equal facility

5th The seam is as elastic as the most elastic fabric so that it is free from all liability to break in washing, ironing or otherwise

6th The stitch made by this Machine is more beautiful than any other made either by hand or machine

We have been appointed agents for the above Machines, and have them for exhibition and sale at our store, where the public are invited to examine them. FENNO & HALE.

Boston Special Notices.

The original article established in 1846 by W P Fetridge

THE BALM OF THOUSAND FLOWERS,

—FOR—

BEAUTIFYING THE COMPLEXION & REMOVING All Tan, Pimples, and Freckles.

For Shaving and Cleansing the Teeth

For shaving, this Balm gives a rich, penetrating lather, and has no equal in rendering the beard soft, emollient and tender, so that in removing it it gives way at the slightest resistance to the razor, without producing the least sensation, leaving a fresh, white, and delicate countenance

Directions—Dip a clean brush in water (hot is preferable,) pour on three or four drops of this transparent Balm, and make the lather on the face

One Bottle will last a year Price 50 cents

The only genuine article is sold by A. WILLIAMS & CO, 100 Washington-st, Boston

The trade supplied at Manufacturer's prices, by special appointment.

Beautiful Teeth

Burnett's Oriental Tooth Wash, prepared by Messrs Joseph Burnett & Co, 41 Tremont Street, Boston, arrests decay of the Teeth, neutralizes the secretions of the mouth, renders the gums hard and healthy and imparts to the breath a fragrance peculiarly aromatic and pleasant. It contains nothing which can possibly injure the most sensitive and delicate organization

For sale by all the Druggists at 50c per bottle

Wilbor's Compound of Pure Cod Liver

OIL AND LIME. The great advantage of this compound over the plain Oil is that the nauseating taste of the oil is entirely removed, and the whole rendered entirely palatable The offensive taste of the oil has long acted as a prominent objection to its use, but in this form the trouble is entirely obviated A host of certificates might be given here to testify to the excellence and success of WILBOR'S COD LIVER OIL and LIME, but the fact that it is regularly prescribed by the medical faculty is sufficient

For sale by ALEXANDER B WILBOR, Chemist, No 166 Court Street, Boston

THE LUXURY AND PROFIT OF HONEY MAKING.

☞Torrey's Bee Hive.

THE, subscriber, having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals

This Bee Hive thus improved, is admitted by persons acquainted with the honey making business to be superior to every thing yet invented for the purpose It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the health and comfort of the workers

The boxes used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights

☞For sale, fifty swarms of Bees, with the new hives

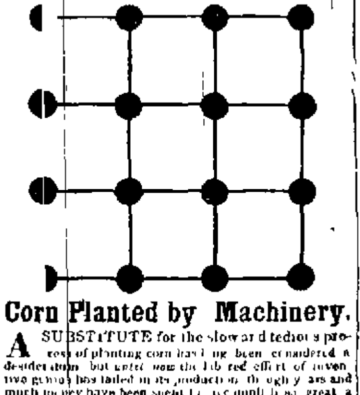
A REVOLUTION IN FARMING



Corn Planted by Machinery.

A SUBSTITUTE for the slow and tedious process of planting corn having been considered a desideratum but until now the labored effort of inventive genius has failed in its production though years and much money have been spent to accomplish so great a piece of mechanism

Some estimates of the importance of an invention that will materially facilitate the production of this great staple may be formed from the fact that in 1850 near 600 000 000 bushels were raised in the United States exceeding in value all other grains, with the entire cotton crop in addition

The present universal method of planting this great crop is (after the ground is ploughed) by marking out the surface 3½ or 4 feet apart each way and in the angles thus formed dropping 4 or 5 kernels and covers with a hoe at an expense of $1 to $1 25 per acre but failure of part, and sometimes the whole crop results from the difficulty of obtaining sufficient force at the proper time in the spring to secure the planting at the most critical time

Practical men understand this every where Numerous devices and machines have been made, but failure has only resulted A plan perfect in one respect was certain to fail in another, so as to render the whole worthless

No machine until now has been made to meet the universal demand of the farming interests in HILL check or any other planting so as to enable him to cultivate with plough and horse hoe the crop both ways between the rows

Drill planting is abandoned because of the impossibility of cultivating but in one direction

The long wished for machine has been invented and perfected by a young Scotchman and is the result of three years unwearied effort patient investigation and the application of scientific and mechanical principles to accomplish a desired object

The device is entirely new, simple and beautiful working automatically, and yet so ingeniously and naturally as almost to appear the result of instinct

What Whitney's great invention did for cotton this great invention will do for corn, viz. augment the quantity and diminish cost

No description could convey a clear idea of its peculiar and simple mechanism

With scarce any Cogs, Band Pulleys, Cranks Shafts, Springs Lever, or Gearing of any kind, with a horse, and guided by a man or boy this machine executes in a neat and perfect manner, the following described work, being what is wanted by every farmer

1st, Furrows out the ground any required depth

2d. Drops the corn (as many kernels as desired) in a space of 4 inches diameter mathematically in the HILL equidistant, in one tenth of a second

3d Covers the HILLS and presses the earth as you do with a hoe.

4th Marks accurately the position of each HILL.

5th Deposits, if wanted guano, poudrette, ashes, lime, plaster or other common fertilizers, exactly in the HILL

And 6th Also, sticks the pumpkin or squash seed in the HILLS at the usual distances, as now done by hand

And all this at a cost of 15 cents an acre by single machine and 10 cents per acre by a double one—10 acres being planted by the first and 20 by the second, in one day with no more force than a man and horse

We are aware these statements look fanciful to that large stereotyped old fogy class who are about a quarter of a century in the rear of this progressive age and whose ideas revolve in the old, slow coach train, but we assure all such antiquated gentlemen that every word is *literal, naked* unadulterated truth, obvious, clear, and distinct to the most obtuse intellect or the dullest comprehension, besides being demonstrated by actual use on an extensive scale.

Here is a magnificent monopoly of a great staple Machine, of immense intrinsic value It must reach the large productive class whose interests are not *alone* promoted in its acquisition but in its application the millions are to be blest in the increased production of grain, and consequently cheap bread

In the distribution of this splendid prize (*such it really is*) there was rare chance for a Safe investment, lucrative beyond all ordinary calculations, In short, the truth in this connection seems almost fabulous

Sole proprietors, we are willing to divide upon an equitable basis, and offer the monopoly of this magnificent speculation for States and Territories upon the following terms *from which* ☞THERE WILL BE NO DEVIATION.☜

All New England and Southern States *five cents* per farm All other territory, six cents per farm—except Illinois, which will be Ten cents per farm Minnesota, $1000 Kansas and Nebraska $800, California $600

New York State will be sold in Counties to suit parties who wish to invest in limited sums The census of the United States of 1850 will be the basis of estimate

Terms of payment liberal and accommodating, and to a company who wish to take the entire interest we will sell at a fair figure We invite the public to examine this subject, and we will exhibit the machine with pleasure, but especially to those who take an interest in the material progress of this inventive age, as well as to those who cannot fail to find this an available medium of replenishing their exhausted pockets, or augmenting their already ample resources

P S We have made provision for the supply of all orders for machines at $18 each with fertilizer, or $16 without—retail, (1 4 off wholesale) until the Territory from which such orders come is sold, and when transferred will make an equitable discount in price of territory for machines thus delivered Each purchaser of States controls the making, selling and price in their territory, and if not ready to manufacture for ensuing spring sales, we will furnish by 100's or 1000's at a shade advance on cost, leaving a margin sufficient to satisfy the most exacting cupidity

G. W STONE'S
LIQUID CATHARTIC
—AND—
FAMILY PHYSIC,

The most important discovery ever made in Medical Science being a compound of Barks and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public

THE necessity of such a medicine has long been felt both by the heads of families and physicians Its advantages over cathartics given in the form of Pills or Powders must be obvious to every intelligent person It operates more immediately and effectually upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste It not only produces all the effects where physic is required, but completely removes habitual Costiveness, leaving the bowels perfectly free It expels all humors from the blood, is a certain cure for the Piles Regulates the action of the Liver, free the stomach from Bile, invigorates the whole Nervous System, and removes the cause of all local pains, such

Rheumatism, Neuralgia, Tic Doloureux, Gout, Pain in the Head, Side, Stomach, &c

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHEA, AND CHOLERA MORBUS, yield at once to its magical influence Again we repeat, TRY IT —it needs no other recommendation No family will be without it after they have properly tested its merits Reader if you have tried other remedies, without success despair not—relief is now at hand Are you suffering from Scrofula six bottles of my Liquid Cathartic will cure you Would you be relieved from habitual Costiveness, three bottles will effect all that you desire If you are afflicted with Rheumatic Neuralgic or other local pains two bottles will free you from them — All humors will be eradicated from the blood by the use of from one to six bottles In short if you require a physic for any purpose this is the most reliable, safe, and agreeable to the taste that has ever been placed within the reach of the public

PRICE $1,00.

LINCOLN'S
WATER PROOF BLACKING,
AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracks; but when it is water proof this is remedied By the application of this preservative, it remains soft and entirely impervious to water

After being engaged for 25 years in the manufacture of Leather in all its branches and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water proof, but at the same time extremely injurious to the leather At last by a chemical process, I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned It will not only make leather water proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time I can therefore in all confidence, recommend it to the public as the best article in the market

NEW AND IMPORTANT DISCOVERY IN THE SCIENCE OF MEDICINE. TRIESEMAR —None are genuine unless the engravings of the Seals of the Patent Office of England, the Seals of the Ecole de Pharmacie de Paris, and the Imperial College of Vienna, are fixed upon each wrapper and around each case

Sold by Dr H A BARROW—Member of the Imperial College of Vienna, and Royal College of Surgeons, London, who may be personally consulted at his residence, No 157 Prince Street, (few blocks West of Broadway) New York, from 11 o'clock in the morning till 2, and from 4 o clock till 8 in the evening, (Sundays excepted)

TRIESEMAR No, 1—Is the remedy of general and local debility loss of virile power, premature decay, and all the distressing consequences arising from early abuse, &c, all physical impediments vanish like magic before its influence, thus rendering its use invaluable to those entering the marriage state

TRIESEMAR No 2—Entirely eradicates all traces of those disorders which copavia and cubebs have so long been thought an antidote for to the ruin of the health of a vast portion of the population

TRIESEMAR No 3—Is the great European remedy for that class of disorders which, unfortunately, the English physician treats with mercury to the inevitable destruction of the patient's constitution, and which all the Sarsaparilla in the world cannot remove

TRIESEMAR Nos 1, 2 and 3—are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket *Sold in tin cases and divided in separate doses, as administered* by Valpean, Lalleman, Roux Ricord, &c &c Price $3 each, or four cases in one for $9, which saves $3 and in 27 cases, whereby there is a saving of $9

Special arrangements have been made with the various Expresses, the nine dollar cases of the Triesemar, and the larger sizes, will be forwarded by Dr Barrow, carriage paid, immediately on receiving a remittance, to any part of the world, securely packed, and addressed according to the instructions of the writer, thus securing to the public genuine European preparations, and effectually protecting them from spurious and pernicious imitations. The three dollar cases sent as usual, but not free of carriage

Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world In all the various trades, and in sewing every sort of fabric, either of cloth or leather they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S MACHINES ALWAYS OPERATE PERFECTLY, being strong, durable, and complete in contrivance and workmanship. A perfect Sewing Machine kept employed affords a clear profit of $1000 a year, but an imperfect one is a cause of constant vexation and loss The entire *reliability* of our machines is one great reason for their unparalleled popularity

MACHINES FOR FAMILY SEWING,

of a frail and delicate construction, are recommended by other manufacturers Such machines are made to catch the eye, not to perform substantial work The truth is, family sewing machines ought to be stronger than any other, because they go into less skillful hands than when sold to manufacturers, and are used for a greater variety of work The machines which have proved best for all other purposes must be best for family use, and they are Singer's The speed of our machines has lately been doubled No other can compare with them in quantity of work,

☞New machines, of the latest improved style will be exchanged on liberal terms for old sewing machines of our own make, or for operative machines of other manufacturers. Local agents wanted to sell our machines ☞

N B —All persons desiring full information about sewing machines, can obtain it by applying for a copy of "I M Singer & Co's Gazette," a paper devoted entirely to the subject It will be sent gratis I M SINGER & CO

Thrice-Weekly
Kennebec Journal for 1857.

DURING the approaching session of the Legislature the undersigned will continue the publication of the *Thrice-weekly Journal*, being the XIIIth Volume of the same

As is well known, the chief purpose of this paper is to afford the public of Maine a faithful account of the deliberations and actions of its Legislature With the reports of the Legislative doings, we intend also to publish the proceedings of Congress, as they are given in the best reports from Washington

As the renewal of all the Bank Charters in the State will come before the Legislature this Winter, the debates and proceedings will be of peculiar interest to all who are interested in Bank property

The numerous lines of railroad which now traverse the State in all directions, will enable a very large proportion of our subscribers to receive their papers a few hours after their publication This fact renders a subscription to the Thrice Weekly more desirable and satisfactory than in former years

The Thrice-Weekly Journal will be published on *Monday, Wednesday* and *Friday* mornings.— The price will be

Single Copy—One Dollar for the Session,

As usual, payable in advance Any person forwarding us $8 shall be entitled to the ninth copy for his trouble To any one who will send us $16 we will send two copies extra for his trouble — Whoever shall send us $24 shall be entitled to three copies extra, and in like ratio for a larger amount.

☞It is desirable that the names of subscribers accompanied with the money, may be forwarded at or before the commencement of the session — *Money remitted by mail at our risk*

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR
WASHINGTON D C 7 Feb 1856

SIR I have used your Pills in my general and hospital practice ever since you made them and cannot hesitate to say they are the best cathartic we employ Their regulating action on the *liver* is quick and decided consequently they are an admirable remedy for derangements of that organ Indeed I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them

Fraternally yours, ALONZO BALL, M D,

DR AYER I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years VINCENT SLIDELL

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual

Fits, Suppression, Paralysis, Inflammation, and even **Deafness,** and **Partial Blindness,** have been cured by the alterative action of these Pills

Most of the pills in market contain Mercury which although a valuable remedy in skillful hands is dangerous in a public pill from the dreadful consequences that frequently follow its incautious use These contain no mercury or mineral substance whatever

COUGHS COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease

We need not speak to the public of its virtues Throughout every town and almost every hamlet of the American States its wonderful cures of pulmonary complaints have made it already known Nay few are the families in any civilized country on this continent without some personal experience of its effects and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs it is also the pleasantest and safest remedy that can be employed for infants and young persons Parents should have it in store against the insidious enemy that steals upon them unprepared We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that fastened on the vitals eats your life away All know the dreadful fatality of lung disorders and as they know too the virtues of this remedy we need not do more than to assure them it is still made the best it can be We spare no cost, no care, no toil to produce it the most perfect possible and thus afford those who rely on it the best agent which our skill can furnish for their cure.

ANTAGONISTIC
To Prejudice and Empiricism!
OLD DR. CULVERWELL'S

Member of the Royal College of Surgeons (1827) Licentiate of the Hall (1824,) and 28 years Medical Referee, &c.)

Radical Regenerator,

FOR SEMINAL WEAKNESS,

In all its forms, as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Virility, Impotency, and all the cases arising from early indiscretion

This excellent Remedy, discovered by the world renowned DR CULVERWELL, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to, medical surgical or otherwise, to arrest and to cure this awful disease A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars which up to this date could not be procured for all the gold of the world The heavy expenses incurred in bringing this article before the public could not be risked, were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by *one* person would, through recommendation, result in an eventual sale to many.

DR CULVERWELL's admirable and entirely novel plan of treating these diseases, is, in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice

Full and plain directions for all the different varieties of the complaint accompany Dr Culverwell's REGENERATOR-REMEDY, so as to enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded *by mail*, free of postage, to any part of the country Address, Messrs. ALL HAIL!!
Something for the Million!!!
PROF. WOOD'S
HAIR RESTORATIVE!

WE CALL THE ATTENTION OF ALL, OLD and YOUNG, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff itching, and all cutaneous eruptions—causes a continual flow of the natural fluids, and hence if used as a regular dressing for the hair will preserve its color and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald the gray or diseased in scalp to use it and surely the young will not, as they value the flowing locks or the witching curl ever be without it Its praise is upon the tongue of thousands

Watertown, Mass, May 1, 1856

PROF O J WOOD Allow me to attest the virtues and magic powers of your Hair Restorative Three months since being exceedingly gray I purchased and soon commenced its use, two bottles and it soon began to tell, in restoring the silver locks to their native color and the hair, which was before dry and harsh and falling off, now became soft and glossy and it ceased falling the dandruff disappeared and the scalp lost all the disagreeable itching so annoying before, and now I not only look but feel young again Respectfully yours, etc
CHAS. WHITNEY

New York, Oct 2 1855

PROF O J WOOD—Dear Sir After reading the advertisement in one of the New York journals of your celebrated Hair Restorative, I procured a half pint bottle, and was so much pleased with it that I continued for two months and am satisfied it is decidedly the best preparation before the public It at once removed all the dandruff and unpleasant itching from the scalp, and has restored my hair naturally, and I have no doubt permanently so

You have permission to refer to me, all who entertain any doubt of its performing all that is claimed for it

MISS FECKS, 264 Greenwich av

I have used Professor O J Wood's Hair Restorative, and have admired its wonderful effects It restored my hair where it had fallen off it cleans the head and renders the hair soft and smooth—much more than oil
MARY A ATKINSON

Louisville, Nov 1, 1855

State of Illinois, Carlisle June 27 55

I have used Prof, O J Wood's Hair Restorative and have admired its wonderful effect My hair was becoming, as I thought, prematurely gray, but by the use of the "Restorative" it has resumed its original color and I have no doubt permanently so
SIDNEY BREESE,
Ex Senator United States

[From the Washington Star]

Among the many preparations now in use for the restoring preserving and beautifying the hair there are none that we can recommend with more confidence than Prof Wood's Hair Restorative now in general use throughout the States This preparation possesses the most invigorating qualities and never fails in producing the most happy results when applied according to directions We refer our readers to the advertisement for a few of the innumerable certificates which have been sent by parties who have been benefited by it and who feel happy in giving testimony to its wonderful effects produced on them

American & Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
(Late Agent of U S Patent Office Washington, under the Act of 1837)

No. 76 State Street, opposite Kilby St.,
BOSTON

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also, in Great Britain, France, and other foreign countries Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions, and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate — The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents

All necessity of a journey to Washington, to procure a Patent and the usual great delay there, are here saved inventors

Testimonials

"During the time I occupied the office of Commissioner of Patents, R H EDDY, Esq, of Boston, did business at the Patent Office as Solicitor for procuring Patents — There were few, if any, persons acting in that capacity who had so much business before the Patent Office and there were none who conducted it with more skill, fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE
Late Commissioner of Patents

[From the present Commissioner]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents R H Eddy, Esq, of Boston has been extensively engaged in the transaction of business with the Office as a Solicitor He is thoroughly acquainted with the law, and the rules of practice of the office I regard him as one of the most capable and successful practitioners with whom I have had official intercourse CHARLES MASON
